NUMBER 189

POSTOFFICE BIDS OPENED AT WASHINGTON TODAY

Altadena, California, Contractor Apparent
Low Bidder On Proposed New Building In
Placerville; Oakland Firm Second Lowest

Bids on the proposed new postoffice building in Placerville were opened at one o'clock today (Eastern Standard Time) at Washington D. C., in the office of W. E. Reynolds, Commissioner of Public Buildings, Federal Works Agency.

A special message to The Republican by the United Press reports that the three apparent low bids were as follows:

George Goedhart, Altadena, California, \$77,280;
Schuler and MacDonald, Inc., of Oakland, \$77,500;
McDonald Construction Company, of St. Louis, \$79,817.

The number of bids submitted on the project was not reported. The new building is to be erected upon property acquired by the government near the corner of Main Street and Bedford Avenue, a one story and basement building.

It is understood that as a general rule the announcement of the awarding of the contract usually follows the opening of bids by a period of from forty-five to sixty days.

"HAM & EGGS" DANGER TOLD

Section 26 Of Proposal
Cited To Veterans By
Watsonville Officer

SAN FRANCISCO—Bankruptcy confronts Veterans' Welfare Board funds with which ex-service men are financed in acquiring homes, should Proposition No. 1 carry at the November election, warns Dr. H. G. Watters of Watsonville, Junior Past State Commander of the American Legion, in a statement made today through the Northern California Veterans Division Against 30-Thursday of which he is a member of the executive committee. In a state-wide appeal to veterans, Dr. Watters stated:

"The Ham and Eggs scheme is packed with enough dynamite to wreck the state in a dozen different ways," Dr. Watters said, "but there is one brief paragraph, Section 26, which would terminate abruptly the veterans' home and farm ownership activities. This Section provides that all public funds would create, which means that the Veterans' Welfare Board would be compelled to relinquish control of all lawful money in its possession.

"Inevitably this would force the immediate abandonment of our veterans' farm and home purchase activities for the reason that we can operate only with the aid of lawful United States money. Certainly we could not conduct our veterans welfare work with a so-called credit bank which would have neither credit nor cash.

"It behooves every war veteran—and we are sending this appeal to every member of the American Legion in California—not only to vote against the destructive Ham and Eggs proposal, but to induce others to vote 'NO' with them on November 7."

SACRAMENTO SUICIDE IS BELIEVED TO BE COUNTY MINER

A Sacramento paper reports that: "John Joyce, 42, miner, was killed Wednesday night when he dived beneath the wheels of a Southern Pacific Company switch engine operated by L. B. Regan of 1628 M Street.

The suicide took place while the police were searching for Joyce to detain him for observation.

"The police said Joyce came to Sacramento Tuesday from Placerville, El Dorado County and registered at the Espanol Hotel at 919 1/2 Sixth Street.

"At 5:45 p. m. the officers received calls from Alvin Casares, proprietor of the lodging house, that Joyce went berserk and broke furniture and a mirror in his room.

"Coroner's deputies are attempting to locate relatives. Letters in Joyce's room indicated he has a sister, Mary Langan, living in Corona, N. Y. The officers also found cards showing he was affiliated with the Twin Cities Miners' Union of Grass Valley and Nevada City, in Nevada County.

"The body was taken to the palm chapel of James R. Garlick.

SHINGLE MINER LAID AT REST ON FRIDAY AT EL DORADO

The funeral services for James A. Cook, 36, formerly employed at the Big Canyon mine at Shingle Springs, were held at 2 o'clock Friday afternoon from Memory Chapel. Burial was at El Dorado.

Mr. Cook died on Monday evening of this week at Weimar Sanatorium, near Colfax. He had been in failing health for the past seven months.

Mr. Cook was a native of Missouri. He is survived by his wife, Mrs. Eva Cook, and one son and an infant daughter.

Doing Their Bit

Daughter of General Edmund Ironside, chief of the general staff of the British army, Miss Elspeth Ironside (left), is shown with a colleague of the auxiliary territorial service as they placed a flag on a war office automobile. They are acting as chauffeurs for war leaders.

ANGELS EDGE SENATORS

Double-Header Tonight
Ends Games In Title
Series At Sacramento

SACRAMENTO, (UP)—Los Angeles had to battle 10 hard innings last night before nosing out Sacramento 2-1, in the opening game of the Shaughnessy playoffs of the Pacific Coast League.

The Angels gave Fay Thomas a run to work on in the first inning, but Sacramento slipped over the tying score in the fourth. For five innings the two teams went scoreless until Los Angeles bunched a few bingles in the 10th to get the payoff run.

Thomas gave Sacramento five hits while his teammates made use of three Sacramento errors and took seven hits off Tom Seaver.

The game gave Los Angeles the jump toward first money of \$5,000 in the playoffs. The two teams play a double-header here tonight, take Saturday off and reopen the series in Los Angeles with a double-header Sunday. The loser will get \$2,500.

Renewed Mining Activity On Cosumnes Middle Fork

Mining operations in the river channel on the Middle Fork of the Cosumnes River on the Leslie Frey property four miles south east of Fairplay, are in progress says a Sacramento paper.

The operations are under the management of William Parry, who recently leased the 160 acres. Parry said the mile of river channel on the property probably will require from three to five years to work with the present equipment, three quarters paid capacity shovel.

The property last was worked three quarters yard capacity shovel, and at that time a half mile diversion canal was constructed.

After several unsuccessful attempts to work the deep holes they suspended operations. Parry states he is carrying on sampling operations but soon will install a hydraulic elevator and increase production.

TUESDAYS AND FRIDAYS "VISITING DAYS" AT COUNTY JAIL

A newly painted sign on the wall of the cell block at the county jail informs the public that Tuesdays and Fridays are "visiting days" at the county jail.

Hours on those days when friends or relatives may visit prisoners are from two o'clock until four o'clock in the afternoon and calls are limited to twenty minutes in length.

The sign asks visitors who have packages for jail inmates to leave them at the Sheriff's office where application must, necessarily, be made to see the prisoners.

Drunken Driver Fined \$200 On Friday

Fred Kubel, 60, arrested Thursday day afternoon in the Somerset district by Sheriff George M. Smith and Highway Patrolman Charles Flick on charges of reckless driving, was found guilty Friday morning before Justice of the Peace T. F. Lewis and fined \$200.

The birth of a son, Gerald Joseph Nickols, to Mr. and Mrs. Ervin L. Nickols, of Sacramento, at Placerville Sanatorium on September 19, is reported in a certificate filed on Friday at the office of the county recorder.

DAMAGE ACTION NEARS JURY

Motion For Directed
Verdict For Defense
Is Argued And Denied

The trial of the suit for \$41,000 damages resulting from the accidental death of La Royce Meyers in the winter sports area near Fresh Pond last February moved swiftly toward conclusion Friday morning. Presentation of the plaintiff's case had been closed Thursday afternoon and the defense rested shortly before noon Friday.

As court convened at 1:30 o'clock, the way had been cleared for arguments of counsel in the case and the matter probably would go to the jury in the middle of the afternoon, it was believed.

Judge George H. Thompson, shortly before noon denied a motion by the defense for a directed verdict. This was the second non-suit motion entered by the defense, Attorney Russell Harris having moved for a non-suit in the case as the plaintiff closed Thursday afternoon.

The action is brought by Olga and Roy Meyers, parents of La Royce Meyers, against Russell Van Dyck as the result of the death of Miss Meyers after being struck by the automobile of the defendant near Fresh Pond on or about February 20.

Negligence and carelessness on the defendant's part is charged. The two were members of a party of winter sports devotees who had come to the county for the day.

Attorneys Albert Sheets and Henry S. Lyon represent the plaintiff. Attorney Harris and Attorney B. F. Van Dyck represent the defendant.

The jury includes Everett De Lory, Walter Johnson, W. J. Stone, James E. Fisk, Helen B. Benson, Ruth Coster, Ann Celio, Eugene B. Hollenbeck, W. E. Bowman, Grace Blake, Charles Brandon and Helen Haslam.

Cougars Open Grid Wars

Large Squad Goes To
Ione Saturday To
Oppose Preston Team

The Cougar football squad finished off a month of practice Thursday afternoon and took things comparatively easy Friday, awaiting the whistle for their first game of the year, which will be played at Ione Saturday afternoon against the Preston School of Industry.

With a large squad in the field and a comparative shortage of experienced material, Coach L. A. Brown is expected to give a large number of the Cougar aspirants an opportunity to show their wares against the School of Industry eleven.

Reports from the high school state that what the Cougars this year have lacked in experience has been more than made up by the interest of the new material in the game and that there are excellent prospects that the Preston eleven may find the Cougars plenty of competition.

The Cougar veterans who are in the game again this year include Bobbie Boggs, Bob Barrett, and Bud Allen, with Cecil Gibbs and Jack Palmer in the line.

STATE AGRICULTURAL DEPARTMENT CHANGES ARE ANNOUNCED

SACRAMENTO — Bearing the hearty approval of Governor Culbert L. Olson, a wide reorganization of the Department of Agriculture was announced today by Director W. B. Parker at a meeting of the Governor's Council.

Director Parker's reorganization sets up effective October 1:

Four main divisions, covering administration; diversion of plant industry; division of animal industry; and division of economics.

Each division, he announces, will be headed up by an "administrator" and an "assistant administrator."

Six bureaus will comprise the Division of Plant Industry. These are: Bureau of Entomology and Plant Quarantine; Bureau of Plant Pathology; Bureau of Rodent, Plague and Weed Control; Bureau of Nursery Service; Bureau of Field Crops; and Bureau of Chemistry.

Sails for Belgium

Joseph E. Davies, United States ambassador to Belgium, is pictured as he sailed from New York on the Dutch liner *Nieuw Amsterdam*, returning to his post in warring Europe. Mrs. Davies stayed home, in accordance with State Department orders.

NEUTRALITY ACT DRAWN

Proposed Bill Modifies
Johnson Act Curbing
Credit To Defaulters

WASHINGTON (UP)—President Roosevelt today reiterated his conviction that the United States will be able to stay out of the war in Europe.

Speaking at a press conference, Mr. Roosevelt said he predicated his answers to all questions on one paramount fact—that the United States is not in the war and that he does not think we are going to enter the European conflict.

BILL DRAFTED

WASHINGTON, (UP)—Chairman Key Pittman, D., Nev., of the senate foreign relations committee declared today that the revised draft of the Administration neutrality program would modify the existing ban and permit extension of credit to nations in default on their war debts to the United States.

The proposed legislation as finally approved by the committee, would entitle Great Britain and France—both war debt defaulters—to 90 day commercial credits if the President so authorizes in the purchase of materials from American manufacturers.

"It is my opinion that this provision would act as a modification of the Johnson act under which loans and credits to defaulting nations are banned, to permit 90 day credits to debtor nations," Pittman said.

He explained that Germany, which owes no war debt to this country, was not affected by the Johnson act and therefore occupied a favorable position over Great Britain and France. To equalize that situation, he said, the committee opened the way for the allies to obtain 90 day credits.

Sen. Hiram W. Johnson, R., Calif., author of the ban on loans to defaulters, said that he intended to offer an amendment to the neutrality bill to guarantee that it would not modify his act.

The final draft of the proposed bill which will be placed before the senate for debate next Monday strengthened the credit section to provide that no credit could be extended to a belligerent government in default on a 90 day obligation.

GEORGE DIXON REPORTED SLIGHTLY IMPROVED FRIDAY MORNING

The condition of George Dixon, whose skull was fractured Wednesday afternoon in an accident at the Diamond Springs Lime Company plant, was reported as slightly improved Friday morning.

Dixon, who had been unconscious since the accident, was reported to have shown signs of returning consciousness Friday morning.

He was working under a truck which was up on jacks when the truck fell on him. He is under the care of Dr. D. W. Babcock at a Sacramento hospital.

Friday afternoon's report was that Mr. Dixon was "not so bright" as earlier in the day.

Georgetown Woman's Father Succumbs

Funeral services were held recently at Fresno, with interment at Odd Fellows Lawn, at that place for John W. Fowler, 60, father of Mrs. Ella Balderston, of Georgetown. Mr. Fowler also was the father of Clyde Fowler, of Grass Valley; Wesley Fowler, of Clovis; and Mrs. Thelma Warner, of Clovis, and is survived in addition by several brothers. He passed away on September 24th.

FRENCH CLAIM CAPTURE OF FIFTY GERMAN VILLAGES

Allies Indicate They Will Reject Suggestion
Of Peace In Face Of Implied Military
Alliance Between Germany And Russia

PARIS (UP)—French troops advanced a mile along a five mile front in the Moselle valley, an official dispatch said today. The dispatch said the French had captured 50 German villages so far.

Progress also was reported officially in the French investment of Saarbruecken, where they are attempting to dominate the Saar river and where the first big German counter-attack is expected.

5 PLANES FELL

25 Years Ago In The World War

By UNITED PRESS
German troops repulsed as the battle of Albert ended. Russian forces occupied Demblin and advanced toward Cracow. Battle of Guise began on Western Front.

TODAY'S PROFILE

BY UNITED PRESS

A veteran flier who commanded a wing in the World War directs Great Britain's air fleet in the present war. He is Air Chief-Marshal Sir Cyril Louis Norton Needham, renowned as a brilliant tactician and an administrator of high ability.

Sir Cyril isn't as well known as Viscount Gort, commander-in-chief of British field forces, or Sir Edmund Ironside, inspector-general of overseas forces. In fact, he sometimes gives the impression of being "stand-offish." The air chief-marshal isn't a man who is approached easily in conversation. He doesn't talk much even to close associates.

Gray-haired and ruddy-faced, he is the traditional type professional soldier. His methods are efficient, his mind methodical and alert. He has the reputation of being a martinet and he dislikes publicity. Before the war broke out his photograph rarely appeared in English newspapers.

Born in India on Feb. 15, 1886, Newall was educated at Bedford School and at Sandhurst. He entered the army as a second lieutenant in 1905. From that time until the World War he rose through the grades, saw active service in one of the "little wars" on the Northeast frontier of India, and won his Royal Aero Club certificate in 1911. His flying license was one of the earliest granted in Britain.

When the guns began to roar on the Western Front in 1914, Newall was transferred to the Royal Flying Corps, which later was merged into the Royal Air Force. In 1916 he was placed in command of the special No. 41 wing of the R. A. F., which carried out bombing reprisals against German forces.

In October, 1931, he was named commander of the R. A. F. in the Middle East. Then with the air expansion program in 1935, he was made a member of the powerful Air Council for Supply and Organization. Sir Cyril became air chief-marshal and chief of the air staff in 1937.

The square-jawed, keen-eyed officer with closely clipped toothbrush mustache married an American woman in 1925. His wife is the former Olive Tennyson Foster of Boston.

FLOATING SUCTION DREDGE WORKS SUCCESSFULLY NEAR COLOMA

I. O. Walberg of Lincoln, working gold placers along the American River with a floating suction dredge is reported to be recovering \$100 per week, says a Sacramento paper. A new type of pump, equipped with a rubber wing, handles coarse gravel and stones up to two inches in size and the gold is saved in a sluice provided with burlap and a screen. Amalgam, quicksilver and shot, lost by pioneer miners, is recovered in this process with the gold.

Rich gold ore is reported to be showing in the new 1,000 foot level of the famed Black Oak Mine in Garden Valley. The main shaft recently was deepened 500 feet. Approximately \$1,000,000 is reported to have been extracted from the upper workings of the Black Oak, operated by Russell Wilson.

Kyburz Couple Granted License At Reno

Among those to whom licenses to wed were issued during the week at Reno were Donald S. Morris, 22, and Maybelle Smith, 22, both of whom gave their home address as Kyburz, California.

BERLIN (UP)—An official announcement today said five British war planes were shot down by German pursuit planes after an attack on German warships near Heligoland yesterday.

The official announcement said six British airplanes attacked German warships near Heligoland "without success."

TRADE PACT

BUCHAREST (UP)—Rumania and Germany concluded today trade negotiations which have lasted for two weeks and which resulted in renewal of their 1938 trade agreement.

The renewed agreement provides for slight increases in goods exchanged, it was announced officially, permitting Germany to continue to take about one third of Rumania's exportable oil surplus.

SPY SCARE

OSLO, NORWAY (UP)—A spy scare swept Norway today as three Norwegian steamships, first of the war, were sunk—two by German submarines, the third by a mine.

PEACE BID HINTED

PARIS, (UP)—An authoritative source forecast that Germany and Russia might make a peace bid to the Allies call off the war on Germany.

REJECTION CERTAIN
LONDON (UP)—Great Britain will reject the Russo-German de-

(Continued on page 3)

3 Pardons Are Recommended

Board Rejects Proposal
That Condemned Men Be
Personally Interviewed

SACRAMENTO, (UP)—The state advisory pardon board today filed recommendations with Gov. Culbert Olson for pardon of three former convicts, but turned down applications of 37 others, including eight men convicted of first degree murder.

Pardons were recommended for Francis William Mulgrew, convicted in 1929 of second degree burglary in Santa Barbara county; Jack Wiley, convicted of stealing cattle in Modoc county in 1935, and Fred Thomas, convicted of attempted rape in Auburn in 1931. All three have been released from prison and discharged from parole supervision.

The board rejected a suggestion of state director of penology John Gee Clark that personal interviews be granted to condemned prisoners seeking to have their sentences commuted to life imprisonment. The members feared this policy would result in basing their decisions on sentiment rather than the merits of the case.

C. C. Herbert, forest road superintendent, was in Desolation Valley on Friday.

NAVY EXPANDS SAFETY WARNING SERVICE TO U. S. SHIPS PLYING FOREIGN WATERS AS WAR INFLUENCES OCEAN LINERS

WASHINGTON, (U) — The Navy Department's hydro-graphic office has inaugurated a supplemental system of "special warnings" to American shipping as a result of the war in Europe.

The navy said the special warnings are issued as necessity warrants and supplement the primary duty of ship officers to collect and disseminate information in the in-

terest of safe navigation.

Since the start of the European war on Sept. 1, twelve bulletins have been radioed to American ships at sea by the hydrographic office.

The first, issued on that day, reported that the German government had announced start of military operations off Danzig bay and warned ships using the harbor that "movement in and out involves danger of destruction."

The following day, American vessels were warned that the British government had announced that certain lights and other navigation aids on coasts of the United Kingdom might be discontinued without further notice.

Other warnings followed. These included a report that the British Admiralty had announced the laying of mines in the Straits of Dover, the Firth of Forth and Heligoland Bight; that the French government had extinguished naviga-

tion lights in French territorial waters; that the Danish government had mined entrances to Kongedyo, the Hellaenderby and Drogden.

The office advised on the third day of the war that the German government had announced laying of mines across entrances to the Baltic Sea while "respecting foreign territorial waters."

The U. S. Maritime Commission, another warning said, had advised commanders of American vessels enroute to and from European ports to avoid zig-zagging and blackouts to avoid being mistaken for belligerent vessels. The commission also suggested that commanders paint American flags on the hulls, hatches and sundecks of their vessels and spotlight the American flag at night.

Another warning advised that Germany had laid mines in the North Sea off the German coast.

The bureau's New York office meanwhile notified shipping interests that the War Department has begun mine-laying practice off the Rhode Island Coast in Narragansett Bay and the West Passage. These operations will continue until Oct. 5, the bureau said.

Ships were instructed to pass to the eastward of the easternmost of the buoys marking the area where dummy mines have been laid down about 7 feet.

Sails for Parley

Undersecretary of State Sumner Welles is shown as he sailed on the liner Santa Clara bound for Panama where he will attend a conference of twenty-one American republics to discuss matters of neutrality in regards to the current European war. Welles told reporters that the war is a "potential menace to the peace of the New World."

Recorder's Filings

Gift deed, Edith W. Hume, a widow to Clarence D. Hume, William R. Hume and Ruth E. Hodgson, nee Hume.

S. F. Jewelers Freed in Burglary Case

SAN FRANCISCO, (U) — Frank Cator and George Zwilling were freed today of charges of receiving jewels stolen from Hollywood and Bel-Air homes by Ralph Graham, the film colony's phantom burglar. A superior court jury late last night found the two San Francisco jewelers not guilty after a three weeks trial in which Graham, now under three life sentences, was the principal state witness.

Frank Frisch To Head Pirates Next Year

PITTSBURGH, (U) — Frank Frisch, the "Fordham Flash" who rose to baseball heights under the late John McGraw, will succeed Harold (Pie) Traynor as manager of the Pittsburgh Pirates, it was learned today from reliable source.

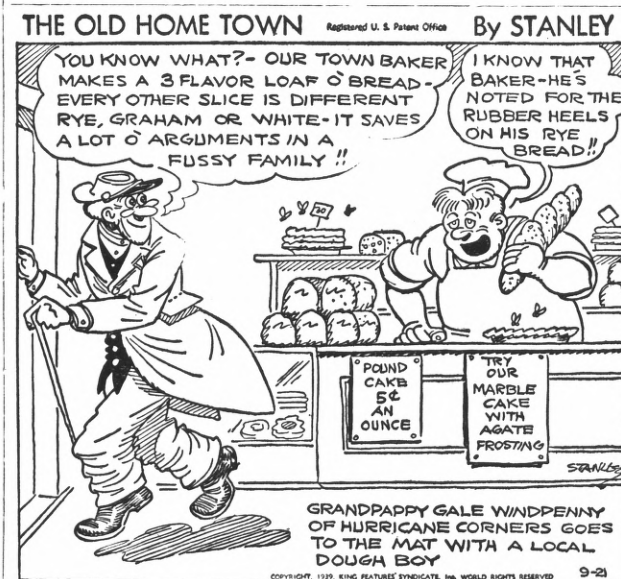

The Boston Land Co. has bought 15,000 acres of stubble from the Forrest Riley ranch for 40 cents an acre.

Today's Fashion

Dark brown crepe.

By VERA WINSTON
BROWN IS out in front in the color sweepstakes, giving black a good run for its money. Here is a pretty daytime dress in rich, dark brown crepe, made with a high, round neck that is slightly gathered. The insert at the waist is velvet, and it dips down in back in a curved yoke. The fullness of the skirt is gathered onto this in back. The sleeves are velvet from above the elbow to the wrist.

SKI CLUB HAS OPENING MEETING OF YEAR THURSDAY NIGHT

Placerville Ski Club held its opening meeting of the year on Thursday night at the P. G. & E. Company auditorium with President Robert Carpenter, Jr., presiding.

Club members were especially interested in learning what the state Division of Highways may have in mind this season in the way of snow removal as far as Twin Bridges.

hopeful that the work during the coming season may provide for snow removal as far as Twin Bridges.

Sidney Hall, of Berkeley, who was here earlier in the week and went on to Twin Bridges in connection with his proposed ski-tow, was not present at the meeting. It was announced that Hall is making preparations to start work on the ski-tow.

Preliminary work on the ski shelter to be erected near Twin Bridges by the Forest Service in co-operation with the club, was reported.

COAST RADIO OFFICIAL GOES TO DENVER STATION

SAN FRANCISCO, (UP)—National Broadcasting Company has announced the appointment of Lloyd Yoder, San Francisco, as general manager of its station KOA at Denver effective October 15.

A. E. Nelson, former manager of KDKA at Pittsburgh, was named to succeed Yoder as manager of stations KPO and KGO here.

Yoder, a former All-America football player at Carnegie Tech and a Pacific Coast Conference football official, joined NBC here in 1928 as an announcer. Later he was manager of the western press division and then appointed manager of the local stations.

Active in San Francisco club life, he also served as a member of the board of governors of the San Francisco Symphony Association during his residence here.

Canadian Ship Zig-Zags Its Way To Tokyo

TOKYO, (UP)—The Canadian Pacific liner Empress of Russia arrived from Vancouver two days behind schedule today. The ship was delayed because it followed a zig-zag course across the Pacific to avoid possible enemy raiders.

Studebaker Line Being Shown

1940 Champion Displayed In Placerville; Larger Models Given Preview

With Motordom's youngest sensation—the new Champion for 1940—already preening in western show-rooms or rolling the roads with planar smoothness, the public is hailing Studebaker's latest addition to the low-price field as a worthy successor to its brilliant predecessor, the Champion introduced last April.

Such is the assertion of C. S. Collins, El Dorado County Studebaker dealer, at whose headquarters the 1940 Champions are being displayed for the first time. Collins was at San Francisco Friday for the special showing of the new Commander and President models.

The Champion, youngest member of the Studebaker line of cars and a newcomer to the industry last spring, is a gleaming, streamlined product from the drawing board of Raymond Loewy and the hands of Studebaker craftsmen. It is a six-cylinder car, free from excess weight, full of the liveliness that characterized its predecessor and the economical operation that made its predecessor famous.

The 1940 Champion is described as retaining all the conceded mechanical advantages of the preceding Champion with many subtle refinements added. Among the latter may be noted improvements in safety and style.

AUTOMOBILE SALES GAIN 43 PER CENT OVER LAST YEAR

NEW YORK, — Retail sales of motor vehicles gained 43 per cent over the corresponding period of last year during the eight months ending with August, according to the Automobile Manufacturers Association. Total sales of 2,177,952 units included 1,816,179 passenger cars and 361,773 trucks.

Passenger car deliveries increased 45 per cent over the 1,249,105 individual sales reported a year ago, while commercial vehicles reflected a gain of 31 per cent over the 277,427 sales reported for the first eight months of 1938.

The August retail sales-total was 210,138 units, including 166,070 passenger cars and 44,068 trucks. August was the tenth successive month of the current market advance.

Passenger cars were 34 per cent above August, 1938, while trucks were 30 per cent ahead. Compared with July, August revealed the seasonal decline which is almost invariable. Where passenger car sales were 28 per cent off in the month, however, truck sales declined but 14 per cent, reflecting greater relative strength in the field of business use.

WILLIAM D. DAY RITES PENDING IN CARE OF MEMORY CHAPEL

Plans for the funeral services of William D. Day are in the care of Memory Chapel.

Mr. Day, aged 85 years, and since boyhood a resident of this county, passed away Wednesday evening. He formerly resided on the Coloma Road in the Gold Hill vicinity and in his earlier life was reputed to have owned considerable property in the county.

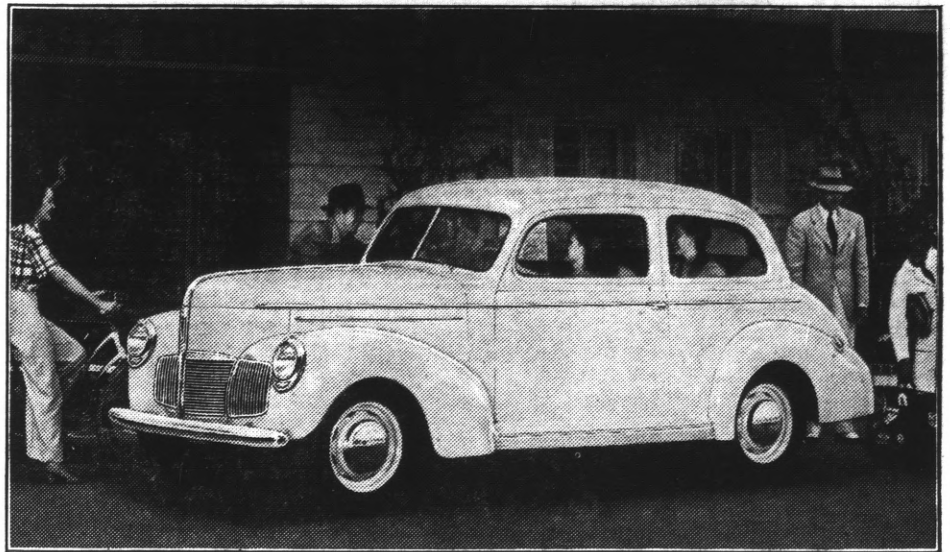

Although he had a large circle of friends, Mr. Day has no known surviving relatives, Memory Chapel reports.

The birth of a son to Mr. and Mrs. Alvin J. Eberhardt, of Bear Creek, is reported in a certificate on file Friday at the county recorder's office.

Styled for the Streamlined Forties

The Studebaker Champion for 1940, which made its appearance before local motorists this week. This is the two-door sedan model, styled by famous Raymond Loewy and built by the craftsmen of Studebaker's great South Bend factories. It is a six with 78 horsepower and surprising alacrity on either open road or in dense traffic.

French Claim 50 Villages

(Continued from Page One)

mand for an immediate peace despite an implied threat in the Nazi-Communist agreement that unless the Allies call off the ar an Germany's terms, Russia may join in against them. It was indicated today.

POAND PARTITIONED MOSCOW (UP) — Communist Russia and Nazi Germany concluded agreements today to partition Poland permanently, to attempt to end the war now and to consult on "necessary measures" if the attempt fails.

The implicit threat was held plainly over Great Britain and France that if they refused to recognize the annihilation of the Polish state and stop the war, Russia would throw her 160,000,000 citizens into the war in alliance with Germany's 80,000,000.

WARSAW VACATED

BERLIN, Sept. 29 — (UP) — The march of disarmed Polish troops

from shell shattered, surrendered Warsaw began today and will continue for two or three days, the German army high command announced. The command said that German troops probably would occupy Warsaw on Oct. 2.

Formal Capitulation of Warsaw and Modlin marked completion of the German conquest of Poland which had been accomplished in four weeks. German troops will find Warsaw a city of ruins.

★ ★ OUT IN FRONT FOR 1940 ★ ★

Announcing THE NEW 1940 STUDEBAKER CHAMPION

1940 Studebaker Champion Club Sedan, illustrated, \$700 delivered at factory

Out in front in eye appeal, roomy comfort, solid safety and long-lived economy!

THIS luxurious, distinctive new 1940 Studebaker Champion costs you no more money than you would spend for one of the other leading lowest price cars.

And when you own this Champion, you have the satisfaction of driving a car that's a fully accredited team mate of Studebaker's impressive Commander and President.

It has the same economy engine as the Champion that set an A. A. A. record of 27 1/4 miles per gallon on a 6,144-mile round-trip run from San Francisco to New York and

back at 40.8 miles per hour average speed.

It has the same long-lived, expense-defying construction that enabled two Champions to travel 15,000 continuous miles each in 14,511 consecutive minutes on the Indianapolis Speedway.

Come in and go for a revealing Champion trial drive. You don't need a lot of ready cash to become a proud Champion owner—your present car should cover part if not all this Studebaker Champion's down payment on easy C. I. T. terms.

CHURCH OF OUR SAVIOUR (EPISCOPAL) Rev. Rex A. Barron

Sunday school 10:00 a. m. Morning prayer, 11:00 a. m. Y. P. S. 7:30.

CATHOLIC CHURCH

Mass will be celebrated in St. Patrick's church on the first Sunday in each month at 8 o'clock and at 10 o'clock. Mass on the other Sundays at 9.

FULL GOSPEL MISSION

A throng crowding the church hall to capacity greeted Evangelist C. O. Wood, of Springfield, Mo., last Sunday morning and evening as he began a series of revival meetings at the Full Gospel Assembly.

The evangelist has an outstanding message along the line of faith in God, and notable miracles of healing are taking place under his ministry. A special invitation is extended to all the sick to attend the services. Prayer will be offered and God will heal.

Services are being conducted each night except Saturday at 7:30 and Sunday morning at 11 o'clock at 9 Coloma Street. The public is cordially invited to all services.

CHRISTIAN SCIENCE SERVICE

First Church of Christ, Scientist, Placerville, Bedford Avenue at Union Street. Services, 11 a. m. Sunday School 9:30 a. m. Wednesday evening. Testimonial Meeting 8 p. m. The reading room at the church building is open Tuesday and Friday from 2 o'clock until 4 o'clock.

"Since the beginning of the world men have not heard, nor perceived by the ear, neither hath the eye seen, O God, beside thee, what he hath prepared for him that waiteth for him." These words from Isaiah comprised the Golden Text used Sunday, September 24, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon was "Reality." Included among the Scriptural selections was: "The Lord of hosts hath sworn, saying, Surely as I have thought, so shall it come to pass; and as I have purposed, so shall it stand: . . . This is the purpose that is purposed upon the whole earth—and this is the hand that is stretched out upon all the nations. For the Lord of hosts hath purposed, and who shall disannul it? and his hand is stretched out, and who shall turn it back?" (Isa. 14: 24, 26, 27).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was also included: "Mind is the divine Principle, Love, and can produce nothing unlike the eternal Father—Mother, God. Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious, or eternal" (p. 335).

SHINGLE SPRINGS CHURCH

Community Sunday School will open at Shingle Springs in the schoolhouse, beginning next Sunday, October 1, according to A. Griffiths and C. P. Smales, who will be in charge. Services begin at 10 a. m. A cordial invitation to come is extended to all.

Neighborhood NEWS

LOTUS

The weather the past week has been exceedingly warm—hot. The morning registering 102 degrees from noon to after 3:00 o'clock a. m. from Monday through Saturday six days running regular Indian summer. The nights were also warm during that part of the week. This has been one of the warmest months for some years past. A light sprinkle of rain fell all forenoon and some little rain is falling at this writing which has made it somewhat cooler weather. We look for plenty of hot weather next month but may miss it. Temperatures 72 degrees Monday at 2:00 o'clock and raining.

The hunters we mentioned last week who went up in the mountains for a deer hunt, Joe Hansen and wife, Charlie Rice and Charlie Hines, all returned with no success. Joe Hansen and his wife brought back with them Alex Leonard, Mrs. Hansen's brother. Friday evening, they took Alex over to Placerville, and early morning, he and Claud Lewis and his brother went to the Lake Tahoe region where they expect to get their limit in venison after a few days hunt.

Albert Davis came up from Merced the past week and is visiting at the home of James Johnson and family in the Webber Creek district. He also came up to visit with his girl friend, Eleanor, who has it that wedding bells will soon be ringing in the Johnson family.

After two months off duty from reading the meters for the P. G. & E. Eddie Sayers is back on his job, coming to our town once a month. He was here Thursday afternoon checking up on the electricity used in Lotus and vicinity.

Mrs. Marie Koenig came over from Cool last Friday and spent the day at the Hansen home visiting with her sister, Mrs. Rose Hansen, and her brother, Alex Leonard.

Mr. and Mrs. John Brash were Lotus callers on Friday. Mr. Brash is one of the U. S. Government mechanical engineers and is on his way to El Dorado County. He is looking at all the mines in operation and at Lake Tahoe and its resorts. He likes our climate.

Walter Leavitt, fruit man and manager of the Pacific Fruit Exchange in Placerville, was in our town Wednesday afternoon looking over the Winter Nellis pear crop of some of our pear growers.

Mr. and Mrs. Mat Irvine, who have spent a week of their vacation here at the McKenney mine, returned to their Oakland home Sunday so Mat could be ready for his cobbler's bench early Monday morning. Mat and his wife surely enjoy their trip and visit to the mine.

For some time past we have been leaving out the letter "R" from the name of our lady friend Norma West, of Oakland, spelling the name Noma in place of Norma. The poor little "R" feels very bad about being left out of print, especially since we only get the lady's name in the paper about once in fifty years. We beg to apologize to you, Norma, and will try to see that it never happens again.

Charlie Metcalf, who has been down at Lodi for some time past making grape and fruit boxes, spent a few days visiting with his parents, Mr. and Mrs. G. H. Metcalf, at Coloma. He returned to his work Friday afternoon and on his way back stopped at Lotus to get his name on the register so as to vote at the November election.

Two young men from Galt came up from their early Sunday morning to put in the day deer hunting. On their return home about 4 p. m. they killed a nice buck, a five pointer. They called on Judge Rasson who validated their tag to take the deer out of the county. It weighed over 180 pounds.

We notice and hear the name of Arthur J. Koletzke as a candidate for our state senator to take the place of Andy Pierovich who resigned to accept a superior court judgeship in Amador county. We venture to say that no better man can be put in the office for state senator than Koletzke. The writer has known him all his life and has served as one of his deputy registrars for the past twenty-six years. Not only have we served under Koletzke, but as registrar for fifty-five years we served under other county clerks. Our first appointment was under E. W. Witmer in 1884 and we have continued ever since. We do not like to see Art giving up the county clerk's office but after twenty-six years one gets tired and wants to make a change. We do not blame Art.

Charlie Hines and his friend, Mr. Mayo, from Oakland, went up to Uncle Toms Monday morning where they will spend a few days deer hunting if the rains and cold weather up there don't drive them out. Our Ham and Eggs leader for Lotus and Coloma, George Pountain, is making preparations for another take place between the Community Hall for the election. The first meeting some time ago drew a very large crowd, over 250 being present. We learn that an orchestra of six persons, all Ham and Eggs, will furnish music before and after the meeting. Go to it uncle George, keep

the ball rolling.

Mr. and Mrs. Byron Bacchi and son, Eddie, were Lotus visitors the past week. They were going from their mountain home at Peavine to Auburn after a load of tile and feed, returning to their home at Peavine late in the evening. While in Lotus Byron's wife, Carol, got her name on the register of voters for the coming election.

Mrs. Florence Hines took the rainy afternoon Monday and drove over to Pilot Hill on business matters and visited with friends. It was a nice afternoon to go visiting, being a rainy one.

Mrs. Lottie Galleher, Mrs. May Howland, and Mr. and Mrs. Harry Reaside drove to Plymouth Sunday to take in the Amador County Fair. The exhibits of livestock, agriculture, and the mining industry were all very good.

Mrs. Ella Norris was a Lotus caller Tuesday.

A number of hunters were in evidence during the past week but none with trophies of their skill.

The mining equipment which came to Lotus a couple of weeks ago is now assembled and in operation on the Wagner property. A portable house and many tents are up to house the Company employees temporarily.

Mrs. Harry Reaside was among those present at the home of Mrs. Sam Speers Friday to participate in a bridge game, held for the benefit of the Episcopal church.

Mrs. Florence Snavely, of Sacramento, was up to visit her Uncle Will Galleher on Tuesday. Mr. Galleher will soon leave Lotus to spend some time in Sacramento.

Dr. George Oviedo and family were guests for dinner at the Reaside home Saturday evening.

Mr. and Mrs. H. Bacchi were down from Peavine on Friday.

CAMINO NOTES

Mr. and Mrs. Everett G. Reese left Friday afternoon on a six-weeks trip east by auto. They will visit Mr. Reese's brother, W. P. Reese, at Topeka, Kansas, who owns the Kansas State Teachers Placement Bureau there. From there they intend to visit Mr. Reese's uncle, D. Reese, and other relatives at Louisville, Kentucky, and then on to Boston.

Mr. and Mrs. Leslie Howell, of Santa Ana, left Thursday for their home after spending a week here with their friends, Mr. and Mrs. George Gray.

Mr. and Mrs. Ed Laveroni spent the weekend in San Francisco.

Many attended the last rites for Joe Cola Monday morning in Placerville. Mr. Cola will always be remembered as a faithful husband and father and one whose loss to the community long will be felt. He passed from this life with the respect and affection of all who knew him and we extend our heartfelt sympathy to his family and relatives.

Mr. and Mrs. Edgar Reese, of Sacramento, spent Wednesday with Edgar's folks before they left on their trip east.

Fifteen Girl Scouts and their three leaders with Mrs. Wm. Voiles hiked to the Voiles spring, cooked and enjoyed supper there last Friday evening.

Mrs. Edward Allison, the former Miss Ruth Williams, was showered with gifts at a party given in her honor Friday afternoon by Mrs. Charles Ross. Among those present to greet Mrs. Allison and who sent gifts were Mesdames P. Savage, R. Braden, P. Brauner, A. Pierce, R. Skaggs, E. Ybricht, L. Matlock, C. Stevens, E. Kimble, M. Miller, M. J. Barkley, G. Davenport, J. Barkley, A. Crocker, E. Carsten, Jr., M. Stroud, Cora Ross, D. Johnson, F. Lamm, H. Taylor, B. Nevin, G. Dickie, J. Shore, C. Sargent, M. Waisner, Wm. Wygersma, G. Hull, Geo. Burrows, E. Bicking, A. Hooper, J. Williams, H. Ross, D. Bishop, J. Montgomery, J. W. Lumley, H. K. Durham, W. Sims, V. Purtille, S. Phillips, B. Wall, W. Purtille, Ed. Laveroni, W. Snider, O. Anderson, E. Hunt, W. McGregor, D. Thomas, Geneva Ross, Fay Wall, Kay Stevens, E. McGregor, Barbara and Jean Shore, Myrtle Phelps, S. Crocker, Dorothy Hull, Iris Hottinger, Madeline Durham, Mary McGregor, Betty Seymour, Marjorie Rohrer, Margaret Penex, H. Hansen, of Placerville, and the hostess.

W. Ward spent the weekend at his summer home at Lake Tahoe.

Joanne Thomas was the guest of Shirley Bartlett, at Placerville, on Saturday afternoon in honor of her fifth birthday.

Mrs. Louisa Kimble and Miss Dora Kimble, of Placerville, spent Friday evening here with Mr. and Mrs. Edgar Kimble.

Mr. and Mrs. Paul Savage, accompanied by Mr. and Mrs. Howard Dunning, of Placerville, spent the weekend in San Francisco and at the Golden Gate Exposition at Treasure Island.

Mrs. Ray Crocker, of Placerville, was hostess of the Camino bridge club at Camino Ridge Farm Thursday afternoon. Those awarded prizes were Mrs. S. A. Bivans, Mrs. T. F. Lewis, Mrs. Elmer Bicking, and Mrs. H. Cullers.

Mrs. Paul Savage was given a surprise birthday party recently by Mr. and Mrs. Lloyd Matlock at the

MICKY ROONEY AND ANN RUTHERFORD in "Andy Hardy Gets Spring Fever," the feature for Sunday and Monday at the Empire.

Matlock home. Games and cards were the evening's diversions followed by a supper. Among those present were Mr. and Mrs. Howard Dunning, Mr. and Mrs. R. Kiskey, of Placerville; Mr. and Mrs. Gust Bosch, of Yosemite; Mr. and Mrs.

Mrs. Kenzie's relatives have responsible positions with the Ball glass people. A nephew took Mrs. Kenzie for her first air trip in his plane over two states. She reports she experienced no thrill whatever.

The Neighborhood Club met at the home of Mrs. John Simmons. Several projects were continued. One, the marking of seven bad turns between Kelsey and Placerville. Many new people in the district go to Auburn for shopping because of those turns on the Placerville route. Especially when meeting large trucks taking the middle of the road, a small car is crowded onto the soft shoulder of the road. Much improvement in the road has already been achieved through the club.

KELSEY

The mining partners, Helm and Helm, Edwards and Verne Wiley have recently changed their base of operations from The Jennie Hoffman mine, located east of the Bangor slate quarry and north of the Go-Boulder and Potter mine to the Fred Veerkamp mine, adjoining the John Rolfe property, in Garden Valley. Recent developments extending the drift north from the Chisholm shaft exposed a good shoot of ore which milled returns that warrant further exploration. Mr. Brown, of the Rosecrans company, has taken over the lease and option from Helm and others and will hasten development so that the Rosecrans company may soon learn the extent of mineral zones before moving all equipment from the Rosecrans mine, which has been closed for some time.

The Alhambra is still in fabulous figures of high grade. Reports have reached six figures. The property is being fenced with an electric wire fence and other precautions are being taken. Shift bosses have been appointed and the company is reported to have taken other steps to protect its interests. C. E. Halburton, of Fresno and some of his associates are on the ground frequently. Mr. England has also been a frequent visitor.

The Kelsey mine is working drag line and trucks to keep the mill running under the management of George Van Vleck.

Russell Wilson is moving the office and other buildings from the Dayton at Garden Valley to the Will Poor property. A power line property attached at the Bruns property extending north to be used at the Will Poor mine.

New hoisting works are being erected at the Big Sandy original shaft. The small hoist is being moved to the south end of the Sandy. Both the Sandy and the Gray Eagle are owned by James Kelly, who was superintendent of the properties in the '90s.

Mrs. Fred Kenzie has returned from a trip to Muncie, Ind., where she was called by the illness of a sister. Muncie is the location of the Ball glass jar plant. Several of Paul Savage and Mrs. Wm. Wygersma.

Miss Esther Kein, of Sacramento, and Norman Pilatti were married Sunday noon at Carson City. Among those in Sacramento on Thursday were Mrs. George Gray, Mrs. Louis Galuppi, and Mrs. P. Borimini.

Mrs. Cora Ross gave a dinner Sunday in honor of her daughter, Geneva Ross, on the occasion of her 16th birthday at which time she received many beautiful gifts. Those present were Mrs. B. Wall, Oliver McGrew, H. Hansen, G. Brown, Mrs. H. K. Durham, Mrs. A. Peirce, Mr. and Mrs. Wm. Hill and daughter Esther, Myrtle Waisner, Fay Wall and Norman Ross.
